Texas Pairs Scramble Rules

1. Each team to consist of two players (any mix of genders)
2. The entrance fee is £6 per team.
3. Handicap Allowance = the sum of:
 - a. 35% of the lowest player's COURSE HANDICAP
 - b. 15% of the highest player's COURSE HANDICAP
4. Sign in to the competition and the computer will calculate your handicap
5. Men off of whites, Ladies off of red tees
6. **Must take 6 tee shots from each player.**
7. Each team will nominate a captain who will make the final decision on which ball to play. Both players will tee off and the captain will select which ball will be played. Both players will then play from that area (see 6 and 7) until the ball is holed.
8. Through the green, shots must be taken within a club length of the chosen shot but not nearer the hole.
9. **The shots must be taken from similar ground. If the chosen shot is in the fairway, both shots may be placed within the club length. If the chosen shot is in the semi rough, rough, bunker then the player must drop within a club length in the same type of ground. A ball on the fringe of a green may not be placed on the green even though it may be within a club length.**
10. On the green, putts should be taken from the same spot. If a player misses but then walks up and taps in, that counts and no further putts should be taken.
11. The rules of golf will be applied for penalty shots unless that ball is not played.
12. The captain will keep the scorecard and mark the initials of the player whose tee shot is chosen next to the score in column A or B. On completion, the card should be signed by the Captain.

**Don't worry too much about the handicap, the computer will apply the correct handicap. Ensure that your gross score for each hole is recorded and each competitor's name and handicap is clearly marked on the card.
You can enter your score on the touch screen**

Summary

1. £6 Entry
2. Sign in (will calculate playing handicap)
3. 6 drives each player
